**Annual Report of the
Post-Graduation First
Destination Survey
Class of 2019**

INTRODUCTION

This report provides data related to student outcomes for graduate and professional school and employment. The information represented in this report includes only first-destination data secured within six months to one year after graduation.

The Seton Hill University Class of 2019 includes the following graduates: August 2018, December 2018, and May 2019. A total of 427 students, consisting of undergraduate and graduate students were contacted to complete the 2019 Post Graduation First Destination Survey. Of the 312 undergraduate students, the Career and Professional Development Center staff determined the post-graduation outcomes for 307 students. This is a knowledge rate of 98%. For graduate students, the Career and Professional Development Center staff determined the post-graduation outcomes for 114 of the 115 students resulting in a 99% knowledge rate. The minimum national average knowledge rate for reporting is 65%.

Graduates were surveyed through the First Destination Survey module of the Handshake career management system. Information was also obtained through faculty, staff, and social media.
